

Dr. Nabil Fuleihan

American Board of Cosmetic Plastic Surgery

American Board of Otolaryngology - Head and Neck Surgery

Dr. Fuleihan has received his training at internationally recognized institutions. He received his B.S. and M.D. degrees from the American University of Beirut. This was followed by a residency at American University of Beirut in Otolaryngology - Head and Neck Surgery and a PGY2 residency in General Surgery at New York University Medical Center.

Dr. Fuleihan completed two years of clinical fellowship training in Head and Neck Surgery at Mercy Hospital in Pittsburgh and in Microsurgery, Facial Plastic and Cosmetic Surgery in Pittsburgh, Massachusetts Eye and Ear Hospital with world-renowned surgeons and authorities in their field: Dr. Sebastian Arena, Dr. Richard Webster and Dr. Charles Vaughan.

In 1987, he joined the Department of Otolaryngology-Head and Neck Surgery at Boston University School of Medicine. In 1991, he was appointed Acting Chairman of the Department of Otolaryngology at Boston University School of Medicine, and was appointed Chairman of that Department and held this position until his return to the American University of Beirut (AUB) as Professor and Chairman of the Department of Otolaryngology-Head and Neck Surgery in December 1997. Among the positions held in Boston were: Chief of Otolaryngology Boston University Hospital, Boston City Hospital, Associate Chief of Otolaryngology Boston VA, Assistant Surgeon Mass Eye and Ear, Surgical faculty Boston Children's Hospital, Adjunct Faculty Tufts University School of Medicine. Under his tenure, the department grew in subspecialties and its residency program regained and maintained its accreditation and became one of the most sought after training programs in the US.

Dr. Fuleihan was Chairman of Otolaryngology-Head and Neck Surgery at AUB from December 1997 until January 2011. He was also Associate Dean for Medical Affairs in 2002. He has mentored and directly trained over 36 residents and fellows in the US and 26 residents in Lebanon in the field of Head and Neck Surgery surgical and is still actively involved in the training of medical students, residents and fellows. He developed the department and created and recruited faculty for several sub-specialties to a level equivalent to some of the best departments in The US. He is well known for his expertise in the field of Facial Plastic and Cosmetic surgery and Head and Neck Surgery. He has more than 74 publications in these fields and has described innovative techniques in surgery including the Transvestibular Approach to Rhinoplasty, new method of facial suspension for facelift surgery. He has developed

seven novel instruments dedicated for use in facial plastic surgery and laryngeal surgery. He is also on the editorial board of multiple medical journals in the US in his specialty.

Dr Fuleihan is recipient of multiple awards that include: Alpha Omega Alpha Honorary Medical Society, Certificate of Achievements from the American Academy of Cosmetic Surgery and the Golden Saw Award, Teacher of the Year Award, Boston University-Tufts program, 1994.
